

# WriteMovies.com International Writing Competition #10

Congratulations to Grand Prize Winner:

## Puri Pira DIE MAUS UND DIE KATZE

We received just under 1000 screenplays, teleplays, books, plays, and short stories from the following countries: USA, Canada, United Kingdom, Australia, Ireland, Brazil, India, Japan, Germany, France, Belgium, Taiwan, South Africa, Israel and Hungary.

The overall standard was very high, hence the large number of writers we found to be eligible for the final rounds.

If you do not find your name on this list, it does not mean that you are a "bad" writer. We sincerely believe that anyone who sacrifices, nights, weekends and often a lot more, to the dream of becoming a writer, is deserving of respect.

We hope that those who did not make it will stay in touch with us. We have enjoyed our myriad of email exchanges and are working hard at making this site more relevant to your careers. Don't forget that many of our writers got their careers going by using our consulting service:

With thanks and best wishes to you all,

The WriteMovies.com team.
